FROM: Eli Alvarado, Project Manager II

SUBJECT: REVIEW OF CPA's 08-09, 08-11, 08-12, 08-15, 09-01, 09-02, 09-04 through 09-06

The Solid Waste Management Department (SWMD) has reviewed the Comprehensive Plan Amendments cited above, and has the following comments:

1. The adopted level of service for solid waste in Hillsborough County is 2 years of permitted landfill space, with 10 years of raw land under the control of the County available.
2. The County currently has 15- 20 years of permitted landfill space and additional area available to permit.
3. There is no initial capital investment required to maintain an adequate Level of Service with the projected impacts from the changes in the Land Use classifications.
4. Any annual operating costs resulting from the projected impacts will be recovered through the rates established for the Solid Waste Management System.
5. The SWMD has an extensive CIP program to maintain and expand its solid waste management system.
