Subject: Comprehensive Plan Amendment Request

Hassan,

Here is the information requested:

Regarding the following proposed changes:
CPA 08-09 Future Land Use Map change
CPA 08-11 Future Land Use Map change
CPA 08-12 Future Land Use Element Text change
CPA 08-15 Future Land Use Map change
CPA 09-01 Future Land Use Element Text and Map change
CPA 09-02 Livable Communities Element Text change
CPA 09-04 Future Land Use Element Text change
CPA 09-05 Future Land Use Map change
CPA 09-06 Coastal Management and Transportation Element Text change

CPA 08-09 and 08-11, appear to allow additional building density. In addition, all but CPA 09-06 create the potential for additional growth. Any additional growth in the county will impact our ability to provide the adopted Level of Service; or Response Time; or Capacity, standards in this area, the current Level of Service; or Response Time; or Capacity Standards in this area, the initial capital investment required maintaining adequate Level of Service; or Response Time; or Capacity Standards with the projected impacts from the proposed Land Use classification., the annual operating cost to maintain adequate Level of Service; or Response Time; or Capacity Standards with the projected impacts from the change in the Land Use classification, and any planned or programmed improvements for facilities.

Due to the impact of Property Tax Reform and the economic downturn, all expansion of Fire Rescue services is currently on hold.

Please let us know if you require any additional info.

Thanks,

Ron Rogers
