RE: Comprehensive Plan Amendment Request for Hillsborough County, 2009

Tampa Bay Water staff has received the request to comment on the Hillsborough County Comprehensive Plan Amendments, First Cycle, 2009. Tampa Bay Water staff appreciates the opportunity to provide comments to our Member Governments.

As you know, Tampa Bay Water is a non-profit governmental agency that provides wholesale water to its Member Governments including Hillsborough County. Tampa Bay Water has a Long-Term Water Supply Plan and Master Water Plan that contains sufficient water supply projects to meet the projected 20-year water supply needs of the Member Governments including Hillsborough County.

We have reviewed the proposed plan amendment as requested by your staff. We have no comments on it. If this proposed comprehensive plan amendment is approved, Tampa Bay Water will incorporate it into Tampa Bay Water's demand projections and will plan to meet the water supply needs resulting from it in the future.

Sincerely,
